

A Day In Ranthambhore Tour

Tour Itinerary

6:30 - 10:00AM

Your safari vehicle will collect you from your hotel and proceed to Ranthambhore National Park. The park is home to a wild variety of animals, plants and bird species. Included in this is the tiger, the leopard, sloth bear, wild boar, sambar deer, jackal, hyena, parakeet, peacock, crocodile and many many more.

As you work your way through the depths of the jungle, your naturalist will inform you on the life and habits of the animals. Your naturalist will listen out for warning calls made by the animals, in order to track the tiger. The naturalist is talented enough to reply to the animals warning calls - a very impressive trick! They will also look out for paw prints made by the big cat, so you can follow them and spot the tiger.

Your morning safari will end at approximately 10am and you will return back to your hotel for a good, hearty brunch. Adventure Safari Tours can provide an optional restaurant brunch outside of your hotel, if desired.

11:00AM - 02:00PM

Between 11 and 2, you are free to relax and enjoy the beauty of Ranthambhore. This afternoon, head back to the park for a second game drive safari through Ranthambhore National Park. Your vehicle will collect you anytime between 2:30 and 3. Don't worry - a member of hotel staff will alert you when your driver has arrived. Seeing the sun set in Ranthambhore National Park, over the famous Ranthambhore Fort, lake and trees is a beautiful sight. As the sun sets, an orangey glow transforms the park into a majestic forest. The vehicle will drop you back to your hotel.
